Important Update Regarding Your Home At Brooklyn

We are happy to share an update about your home at Brooklyn.

On August 3rd, 2021, WorkSafeBC returned the Brooklyn site to Mission Group and since then, we've worked with adjusters, structural engineers, and many other consultants to help determine our next steps and changes to the completion timeline of the project.

We are now able to share that the closings for Brooklyn are estimated to begin early Spring 2022. This delay takes into account several key factors including the pause of construction on-site due to the investigation by authorities, as well as remedial work required as a result of the crane incident.

We very much appreciate your patience during this time. We look forward to moving you into your new home in early Spring 2022.

Mission Group:

Based in Kelowna, BC, Mission Group is the Okanagan's leading community builder. Since 2004, Mission group has been contributing to the evolution of Kelowna's urban landscape, with its 'Build It Forward' philosophy, focused on building value in the community it serves so that the whole community prospers in the future.

Important Update Regarding Your Home At Brooklyn

As a homeowner at Brooklyn, it's our priority to keep you informed about updates as we get them.

Today WorkSafeBC has returned the Brooklyn site to Mission Group, and we are working with adjusters, structural engineers, and other consultants to help determine next steps and identify any changes to the completion timeline for the project.

We are committed to getting you this information as soon and as accurately as possible.

As more information on the timeline for completion becomes available in the coming weeks, we are committed to keeping you informed.
