

Crane Accident First Year Anniversary

June 27, 2022, 3:00 p.m. PT

Statement Regarding One Year Site Memorial

On July 12, 2022, Mission Group will be stopping work on all our construction sites from 10:45 am – 11:15am in remembrance of the tragic crane accident a year ago. This will be commemorated with five air horn blasts, followed by a moment of silence.

While this will be a private recognition for our crews to remember their colleagues, we have invited family members to join us at the memorial plaque installed where the crane once stood to spend private time remembering their loved ones.

Earlier this year, Mission Group placed a memorial plaque on the site where the crane once stood, dedicated to the victims of the July 12, 2021, crane accident. In addition, Mission Group is working with the families of the victims and other community partners to create a lasting memorial to remember the five men who died in the tragic accident. A public installation will be planned at a later date.

Given the impact of this incident to our city and industry, we've invited neighbouring builders in Kelowna with on-site cranes to join us with the same recognition on their sites at 11 am on July 12.

Mission Group:

Based in Kelowna, BC, Mission Group is the Okanagan's leading community builder. Since 2004, Mission group has been contributing to the evolution of Kelowna's urban landscape, with its 'Build It Forward' philosophy, focused on building value in the community it serves so that the whole community prospers in the future.
