Job Opportunity

Construction Safety Officer

Mission Group, the Okanagan's leading real estate development and building company, is looking for a full-time **Construction Safety Officer (CSO)** to join our team and help us in creating amazing spaces where people can flourish.

The CSO is responsible for the site-specific project safety plan, including assessment and monitoring of hazardous or unsafe situations and ensuring ongoing safety of all personnel on site. Duties will be carried out in collaboration with the Site Superintendent, the Project Management Team, and the Safety Manager.

Main Duties:

- Assess, monitor and correct hazardous or unsafe situations on site, including tools and equipment
- Development and implement measures to ensure personnel safety and respond to any safety concerns
- Prevent unsafe acts when immediate action is required in an emergency
- Ensure appropriate documentation, reporting, logs and communication are completed
- Conduct or participate in toolbox, planning and other meetings
- Promote safe practices at the job site and conduct drills and exercises where required
- Review and approve subcontractor safety plans
- Investigate accidents and near-misses

Qualifications:

- Specialized certification such as Construction Safety Officer (CSO), Construction Safety Specialist (CSS), National Construction Safety Officer (NCSO)
- Occupational First Aid Level 3
- Two or more years construction site experience in a safety officer role
- Post-secondary education in construction or engineering would be an asset
- Strong Microsoft office computer skills
- Excellent inter-personal, organizational and time-management skills
- Demonstrated ability to lead and influence others
- Able to remain calm and take appropriate action during potentially stressful situations

How to apply:

Email a cover letter and resume to hr@missiongroup.ca.
